Aligned practices in Dubai, Bangalore & Mumbai

Market Entry, Structuring & Tax Advisory

Successful entry into the GCC requires more than capital—you need the right structure, tax strategy, and regulatory alignment. Our structuring practice supports clients to establish and scale in the region with confidence.

1

UAE & GCC Market Entry

Strategic advisory on Free Zone vs Mainland structures, licensing, and operational setup for optimal market positioning.

2

Corporate Tax & DTAA Advisory

Advice on UAE corporate tax, cross-border tax planning, treaty benefits, and transfer pricing optimization.

3

Economic Substance Regulation

End-to-end compliance with ESR requirements in UAE and GCC to ensure regulatory adherence.

4

Restructuring & Reorganization

Support in business carve-outs, entity rationalization, and governance restructuring for operational efficiency.

5

FDI Advisory & Structuring

Structuring for repatriation, risk mitigation, and cross-border governance especially for Indian or other inbound investors
